## WORK OF CONGRESS

The Senate Still Busy With the McKinley Bill.

### RIVER AND HARBOR BILL SET BACK

The House Still Considering the General Deficiency Bill—Gets Just About Through With It and Adjourns.

WASHINGTON, August 7.—The Senate resumed consideration of the Tariff bill. The Senate amendment to reduce the duty on pig iron to 35 per cent was rejected. Senator Paddock appealed to Mr. Aldrich in the interest of agriculture, to agree to a reduction of at least one-tenth per cent per pound on structural iron. Mr. Aldrich listened to the appeal. On his motion the rate was reduced to eight per cent per pound. The next paragraph applied to bale iron and steel. Mr. Vest moved to reduce various specific rates in the paragraph, to fifty per cent ad valorem. Rejected.

The tariff bill was temporarily laid aside to allow Mr. Allison to present the conference report on the Sundry Civil Appropriation bill. The bill, said Mr. Allison, as it passed the House had carried \$28,000,000 and had then been increased by the Senate \$5,000,000. The net reductions agreed to in the conference committee amounted to \$3,706,000, so that the bill carried under the conference report \$29,852,000. The amendment as to the Latin-American memorial library had been stricken out, also the provision for expenses of two additional land offices. The appropriation of \$150,000 for military posts had been reduced to \$40,000. All the Senate amendments relating to the National Soldiers' Homes, including the appointment of managers, had been struck out. That matter will now go to the military committees of the two Houses. The provision in relation to irrigation surveys has been postponed for further conference. The conference report was ordered printed and went over till tomorrow without action.

Mr. Hear, from the Committee on Privileges and Elections, reported a substitute for the House Election bill and it was placed on the calendar. The minority of the committee, he said, dissented from the report.

Mr. Frye gave notice that he would not ask the Senate to take up the River and Harbor bill until Friday of next week.

Mr. Mitchell expressed regret at the postponement of the river and harbor bill. Important work is now stopped in Oregon and he would give preference to the river and harbor bill rather than to the tariff bill.

The conference report on the fortification bill was presented, but went over without action. After an executive session, the Senate adjourned.

### IN THE HOUSE.

WASHINGTON, August 7.—In the House a resolution was adopted calling on the Postmaster-General for copies of agreement concerning transportation of mails between the United States and foreign countries, the conditions upon which the awards were made and the rates of payment.

The House then went into committee of the whole on the general deficiency bill. Mr. Rogers moved to strike out the clause appropriating \$9000 to pay George Matthews in full for the unexpired term of the Fifty-first Congress for which he was elected as a delegate from the Territory of Dakota. Lost.

Mr. Clunie offered an amendment granting an extra month's pay to employees of the Senate and the House. Agreed to. The bill as disposed of by the committee, with all amendments, were agreed to save that granting an extra month's salary to the Senate and House employees, and then the bill went over until tomorrow. Adjourned.

### ARGENTINE'S CONDITION.

Strong Feeling Against President Celman Growing.

LONDON, August 7.—A despatch to the Times from Buenos Ayres says it is impossible to describe the indignation that prevails here arising from President Celman's playing with his solemn promise to resign. ## BREAK FOR LIBERTY

Convicts Rebel at the Charlestown State Prison.

### THEY TRY TO SCALE THE WALLS

The Sentries Shoot Into the Crowd and Drive the Prisoners Back—An Extra Force of Police is Now on Guard.

Boston, August 7.—For sometime past trouble has been brewing at the Charlestown State Prison, having its origin in the objection of the inmates to submit to the enforcement of the Bertillon system of measurements.

This afternoon the convicts in the shoe shop refused to obey orders and, as if by some prearranged signal, all set up a terrific yell, and missiles of every description were sent flying in all directions. The windows on the north and west sides were completely demolished. They then made a dash for the yard, and a mob of over fifty infuriated convicts rushed for the various walls.

Instantly the sentries began firing. Other officers of the institution were quickly at hand and with drawn revolvers soon massed the gang in groups. After a hard fight, in which clubs were freely used and many convicts' heads were badly crushed, Word was quickly sent to police headquarters and in a short time 200 policemen reached the prison in patrol wagons.

It is not thought that any of the prisoners were seriously wounded, but, as the excitement has not fully subsided, it is impossible to say what the result of the shooting was.

The guard on the walls has been trebled and a large number of police are massed in the yard and corridors.

Ike Orosco is adding to his residence several new rooms.

Conception Cussius, charged with unlawfully obstructing the free flow of water in the Southern Branch of the Tempe Canal, was tried yesterday by a jury in Justice Richard's Court, and found not guilty. This case is a parallel one to that of Walter Bolton, lately found guilty of the same offense in Tempe, before Justice Franklin. The latter judgment has been appealed from to the District Court.

Rev. F. G. Finley, presiding elder, desires THE REPUBLICAN to announce that the annual district camp meeting of the Methodist Episcopal church, South, will begin at Norton's grove, three miles north of Phoenix, August 27, and close September 7. All are cordially invited. Ministers of all denominations are expected to be in attendance, from all parts of the county. There will be a large number of campers on the ground and the reverend gentlemen in charge expect a season of great religious interest.

### THE DISTRICT COURT.

A Number of Cases Decided Yesterday by Judge Kibbey.

As was anticipated, Judge Kibbey rendered a number of decisions at yesterday afternoon's session of Court. They were as follows:

Pesqueira vs. Fowler—a dissolution of partnership was granted. A receiver was ordered appointed, to make immediate sale of the partnership property.

Hackney vs. Hart et al., Directors of the Territorial Normal School—judgment for defendants.

Beardsley vs. Lower Gila Bend Canal Company—judgment for plaintiff.

Goodwin vs. Oury—judgment for plaintiff, he to pay value of land condemned for ditch purposes and damage to defendant the sum of \$500.

Adams vs. Bassett—judgment for plaintiff.

Arnold vs. Christy—demurrer overruled.

Cosner, et al. vs. Hayden—judgment for plaintiff, he to pay to defendant \$2000, for damage to be sustained by defendant.

Carroll vs. Byers—judgment for plaintiff.

In the case of the Territory vs. Hammond, et al., E. F. Edwards argued a motion for a new trial.

Upon motion of J. B. Woodward, Abraham S. Humphries was admitted to practice upon the presentation of his credentials as an attorney of good standing.

The Court then ordered a recess until September 1, when the argument upon the water suit will be presented.
